ABOUT

Le Pietre

LOCATION

Bodrum, Mugla, Turkey

LE PIETRE is a 2009 custom-built sailing yacht by ADA Yacht Works, designed for comfortable and efficient cruising. Measuring 39m (127'11") with a draft of 11.4', she combines traditional Turkish craftsmanship with modern wood epoxy construction, offering a capable platform both under sail and power. She reaches a top speed of 12 knots and cruises comfortably at 10 knots.

A refit completed in 2024 included new teak decks, engine room upgrades, and a renewed RINA survey. Further maintenance and servicing were carried out during the 2025–2026 winter period, ensuring the yacht is well maintained and ready for continued use.

The interior, designed by Hale Doke, is practical and welcoming, with large windows and portholes providing natural light throughout. The main salon features a seating area to port and a dining table for eight to starboard, with a TV and entertainment system opposite. The galley is well equipped and suitable for both private and charter use.

Accommodation is for up to eight guests in four en-suite cabins, including two master cabins, one VIP cabin, and one twin guest cabin. Crew accommodation is arranged for five to six crew members across three cabins, with a separate captain's cabin.

Exterior spaces include an aft deck dining area for eight under shade and a foredeck lounge with a table suitable for larger group seating and dining.
