ABOUT

Amer F126

LOCATION

San Remo, Liguria, Italy

The Amer F 126 is a 37.8-metre masterpiece that blends visionary design, sustainability, and bespoke luxury. With exterior styling by Antonio Luxardo/ Optima Design, her sleek, modern lines frame generous decks and panoramic glazing that flood the interior with natural light.

Inside, the F 126 reveals a world of quiet sophistication. The full-beam master suite on the main deck offers sweeping sea views, a private lounge, and a spainspired ensuite bathroom. Below deck, four finely appointed guest cabins feature ensuite bathrooms and meticulous detailing, each designed to provide a sense of serene privacy. The open-plan salon connects seamlessly with the aft deck through wide sliding glass doors, creating a natural flow between indoor and outdoor living. Materials are customizable, owners can select fine Italian leathers, hand-polished woods, and natural stone to create a personal signature of style.

Above all, the exterior spaces are a triumph of design and functionality. The expansive aft deck features a hydraulic opening platform that transforms into a sea-level beach club ideal for lounging, swimming, or launching tenders. The flybridge offers panoramic views, a bar, sun loungers, and a shaded dining area

for open-air entertaining. Wide side decks lead to a spacious foredeck lounge with a Jacuzzi option, creating multiple zones for relaxation and privacy. Every detail, from hand-polished stainless finishes to flexible deck layouts, reflects Amer's commitment to elegance and innovation.

Crew areas are intelligently separated to ensure discrete service and comfort, while the quad Volvo Penta IPS system delivers quiet efficiency and smooth performance.
