ABOUT

Antonini Navi Suy 110

LOCATION

La Spezia, Liguria, Italy

Spread across four levels and crafted in steel with an aluminium superstructure, this motor yacht pairs purposeful design with unmistakable Italian elegance. Fulvio de Simoni's exterior lines are strong and linear, with a contemporary silhouette that signals both capability and grace.

At her core lies versatility. A 45-square-metre aft hangar houses a five-metre tender, a secondary tender, jet skis and more—without compromising guest spaces. Above, an innovative 60-square-metre raised deck connects directly with the main deck to form a flexible indoor-outdoor space: a sunlit veranda for lounging, dining, or simply taking in the sea.

Additionally, the 60-square-metre veranda can host a jacuzzi and larger water toys such a small sailing yacht for fishermen.

Interior design, led by award-winning studio Hot Lab, is entirely open to customisation. The layout accommodates 10 guests across five staterooms, including a full-beam master suite on the main deck, with further cabins located below. With trans-Atlantic range, at-anchor stabilisers, and considered lifestyle amenities—including a Jacuzzi and beach club—the SUY 110 balances long-range capability with comfort and style.

Delivered with the reassurance of a new build and the freedom of a custom creation, the SUY 110 would suit an owner seeking substance, flexibility, and flair—whether for adventurous cruising, refined family escapes, or simply a more generous approach to life on the water.

Offered as a brand-new custom project, the 33.5-metre SUY 110 represents a rare opportunity to acquire a new build from a trusted Italian shipyard. Backed by decades of commercial shipbuilding expertise, the yard recently expanded its portfolio with two vessel deliveries in H1 2026.

Delivery time: 24 months from signature.

Full specifications
