ABOUT

Aquila 46 Coupe

AVAILABLE FOR IMMEDIATE DELIVERY | AVIKUS ADVANCED DOCKING & NAVIGATION TECHNOLOGY | TWIN MERCURY V12 600 HP

Not for sale or charter to U.S. Residents while in U.S. Waters.

2026 Aquila 46 Coupe combines the performance and versatility of a luxury sport boat with the space and accommodations of a much larger yacht. With its innovative power catamaran design, impressive 17'11" beam, and Aquila's Hydro Glide™ semi-foiling technology, the 46 Coupe offers an exceptional combination of performance, efficiency, and comfort.

Powered by twin Mercury Verado V12 600 HP outboards with approximately 150 hours, this 46 Coupe delivers 1,200 total horsepower along with the maneuverability of Mercury's joystick piloting system.

Designed for Entertaining

One of the standout features of the Aquila 46 Coupe is its spacious, single-level layout. The aft cockpit flows directly into the salon, creating an open entertaining space with panoramic windows and excellent visibility throughout.

One of the most exciting features aboard this particular Aquila 46 Coupe is its Avikus advanced docking and assisted navigation technology , a cutting-edge system designed to bring a new level of convenience and confidence to the boating experience.

The aft cockpit features two large convertible sun loungers, a bar area with three stainless steel stools, and a flip-up galley window that connects the interior and exterior spaces. Port and starboard boarding gates make getting on and off the boat easy, whether at the dock or enjoying a day on the water.

Forward, an innovative electrically operated walkthrough provides convenient access to the bow lounge, which comfortably accommodates four guests with adjustable leg supports and armrests.

Comfortable Overnight Accommodations

Unlike many traditional sport boats in this size range, the Aquila 46 Coupe offers two private staterooms, each with its own ensuite head and separate walk-in shower.

The owner's cabin is located in the starboard hull, with the VIP guest cabin to port. Both feature large hullside windows, comfortable sleeping accommodations, and ample storage.

Performance and Innovation

Aquila's Hydro Glide™ carbon fiber semi-foiling system is designed to enhance efficiency and cruising range. Combined with its double-stepped hull design, the 46 Coupe offers a unique approach to performance cruising.

Whether you're spending the day entertaining friends around Miami, heading to the Bahamas for the weekend, or enjoying an extended cruise, the Aquila 46 Coupe provides the versatility to do it all.

Available for immediate delivery. Contact Gabe Agelan at MarineMax Miami for additional information or to arrange a showing, subject to applicable customs restrictions.
