ABOUT

Kando 120

LOCATION

Antakya, Hatay, Turkey

KANDO120 is a 37-meter long-range explorer motor yacht built for serious cruising, combining a robust steel hull with a lightweight aluminum

superstructure. With an impressive 390 GT of internal volume and a range of 6,500+ nautical miles, she is well suited for owners looking to travel far in comfort and confidence.

Spanning four decks, KANDO120 welcomes up to 12 guests in six double cabins, including a 27 sqm full-beam owner's suite positioned forward on the main deck. Full-height windows flood the suite with natural light and enhance the feeling of space. Social areas are equally generous, with a 55 sqm main deck lounge and a 50 sqm upper deck lounge, both featuring full-height glazing and sleek automatic sliding doors framed in polished stainless steel, creating bright, seamless indooroutdoor living.

Designed and engineered by the in-house team at AvA Yachts, the interior blends warm, refined finishes with a modern, understated style. High-gloss American walnut and wenge are paired with dark leather furnishings and a mix of satin flooring, carpeting, and light upholstery, resulting in a calm and contemporary atmosphere throughout.

Powered by Cummins marine diesel engines, KANDO120 is equipped with a strong technical package including Furuno navigation electronics, Sleipner bow and stern thrusters, fin stabilizers, and Kohler generators. Outdoor living is a clear highlight, with a jacuzzi on the flybridge, a transformer swimming platform, and spacious exterior areas designed for entertaining, relaxing, and sunbathing.
