ABOUT

Kando 130 Xl

LOCATION

Antakya, Hatay, Turkey

The Kando 130XL by AvA Yachts is a modern long-range explorer motor yacht designed for owners who value capability, comfort, and efficiency. Built with a steel hull and aluminum superstructure, she is engineered for extended cruising while maintaining a refined onboard experience.

She offers generous interior volume and well-balanced proportions. Her robust construction and efficient hull form provide excellent stability and seakeeping, making her suitable for transoceanic passages as well as relaxed coastal cruising.

Accommodation is for up to 12 guests in six cabins, supported by a professional crew of seven. Interior spaces are designed to maximize natural light and functionality, offering comfortable living areas. Outdoor living is a major highlight.

The yacht offers multiple areas for lounging and dining, including a sun deck with Jacuzzi, shaded al fresco dining options, and water-level access via a spacious swim platform. A beach club-style space adds another flexible area for relaxing close to the sea.

Powered by twin Volvo Penta D16MH engines, the Kando 130XL delivers an approximate range of 7,000 nautical miles at 10–11 knots, allowing for longdistance cruising without compromise. Advanced engineering, combined with multiple watertight bulkheads and increased underwater steel thickness, enhances safety and reliability at sea.
