ABOUT

Axopar AX37XC

This 2024 Axopar AX37XC is a bold, go-anywhere cruiser built for the kind of boater who wants speed, comfort, and a real cabin all in one package. Twin Mercury Verado 350 HP V10 four-stroke outboards (350 hours) give her serious performance on tap, and the integrated joystick maneuvering system makes precision docking and tight-quarters handling almost effortless - a real plus when you're easing into a slip along the Westbrook waterfront. At the helm, a Simrad marine navigation system, VHF marine radio, and Simrad multifunction displays keep you oriented whether you're hugging the coastline or running further out into open water.

Her fiberglass deep-V hull and walkaround cross-cabin configuration make her as practical as she is capable, and that really shows once you're out exploring. Head down the Patchogue River toward Long Island Sound and the electric anchor windlass makes it easy to drop hook near a quiet spot like Duck Island or just off Westbrook's own Town Dock for an afternoon break. The spacious open aft deck and walkaround side decks mean you can move freely from bow to stern, whether you're rigging up, grabbing gear, or just stretching your legs on the way out past the Westbrook Harbor jetties.

Step inside and the AX37XC proves she's built for real comfort, not just day trips. Gray marine-grade upholstery and premium cushioned seating run throughout the cabin and cockpit, with wraparound aft cockpit seating and a convertible dining arrangement - complete with a removable or repositionable cockpit table - perfect for a sunset dinner anchored off the Connecticut River mouth. The enclosed pilothouse with panoramic windows and dual helm displays keeps the captain and companion comfortable in any weather, and when it's time to turn in, the private forward cabin offers a double berth plus additional sleeping space, with a skylight overhead for natural light. An enclosed head with a marine toilet, sink, and vanity rounds things out for longer trips.

Whether you're cruising past the Westbrook lighthouse at sunset, running out toward Duck Island Roads, or just enjoying a quiet morning on the Sound with the Connecticut shoreline off your beam, this Axopar AX37XC is built to make every outing feel effortless. She blends serious offshore capability with genuine cabin comfort, making her a natural fit for life on the water around Westbrook.
