53 FLY - NEW FACTORY LISTING

Only 60 hours! Model year 2025 - Duty Paid - Major components warranty still in place!

Bring an offer soon and you will get three bonuses:

Fresh bottom paint - Complete zinc replacement - Full top-side polish and wax.

The Azimut Fly 53 blends refined Italian design with smart functionality, offering a luxurious yachting experience that feels effortlessly livable.

The airy ambience summons a sudden feeling of freedom on the Fly 53, well matched with the dynamic modern family's search for new horizons. Elegantly curated and comfort-calling areas cultivate a serene sense of well-being, giving space and style a whole new meaning. Voyagers of all ages can move effortlessly throughout the full-height interiors, all the while enjoying a privileged perspective on the sea. Liberate your lifestyle on board the Fly 53.

Alberto Mancini penned sleek, slimming lines for the Fly 53 to keep the secret of her generous interior volumes. The flybridge is wrapped in a glazed negative band that widens toward the stern, lifting the fly until it appears to take off by itself. Adding to the effect, the fashion plates are minimal and dark, expanding the uncapped windows. The sheer line underscores it all, shooting up like an arrow, creating dynamic tension towards the bow.

The Fly 53 strives to balance exposure and comfort, sun and shade, like sea and sky. Marine nature takes center stage, driving the experience, with the support of the perfect accoutrements provided on board. It's the dream escape.

Reclining backrests transform the bow sunbeds into plush chaise lounges that look towards the stern, facilitating conversation between the owner-captain and guests. The tinted windshield wraps around the whole area, which can therefore be enjoyed even under way. Services comes by way of a central bar cabinet. An all-ecompassing

lounge over the waves occupies the flybridge's aft half, set around a convertible coffee table for dreamy rooftop dining. The owner may choose to shade this area with a manual or an electro-hydraulic bimini.

The cockpit is designed with space and convenience in mind. The asymmetrical transom keeps efficient footpaths, while extending the cockpit table and seating. The new size adds an extra dimension of comfort to the sheltered seaside spot, which features a bar cabinet with a sink, an ice maker and two bottle chillers. The galley fridge is thoughtfully stationed within reach.

An environment devoid of reflections, sharp corners or hard colors has a powerful impact on the mind. The design supports relaxation and wellbeing, with unmistakable character, always discretely elegant. Adding a tactile friendliness to each of the pieces, the selection of materials is well matched: light brushed oak, natural fabrics and a tasteful touch of matte bronze accents.

The main deck is a unique, large and wide-ranging area, laid out nearly flush for a full-length airy feeling. The elongated windows further enhance the perception of space, maximizing natural light and views. The galley is located aft at the entry to serve both indoor and outdoor social areas with ease.

Full specifications
