ABOUT

BC 60 Bbee

LOCATION

Antalya, Antalya, Turkey

The BC60 is a purpose-built expedition catamaran based on Bering's proven explorer designs. Its robust aluminum displacement hull provides excellent stability and safety even in bad weather conditions.

With a fuel capacity of 13,500 liters, it easily covers over 3,500 nautical miles on long trips. There are plenty of storage areas throughout the boat to pack everything you need for extended cruising.

Interior & Layout:

• High Ceilings: Generous high ceilings are featured throughout the entire catamaran—across all living areas, salons, and staterooms—creating a unique sense of openness and comfort.

• Main Salon: Bright and spacious, divided into a forward helm station, a dining area, and a lounge space.

• Galley: Fully equipped with premium class appliances.

• Enclosed Flybridge: Essentially an additional living salon with stunning views and its own dedicated helm station.

• Cabins: The master stateroom includes a private head with a steam generator. Guest cabins are equally comfortable and roomy.

Deck & Extras:

• Swim Platform: The hydraulic platform aligns with the cockpit when raised to create a larger open deck area.

• Tender: Comes with a 5.2m Highfield tender and a 70HP Yamaha outboard for quick trips to the shore.

• Navigation: Equipped with a complete Furuno electronics suite.
