ABOUT

Boston Whaler 280 Vantage

2021 Boston Whaler 280 Vantage

This 2021 Boston Whaler 280 Vantage presents a rare opportunity for a buyer who wants a nearly-new boat without the nearly-new price. The vessel sustained minor cosmetic damage during a hurricane and has since undergone a complete, professional restoration — returning her to a condition that looks and feels virtually indistinguishable from new.

Finished in a striking Glacier Green hull sides gelcoat with white bottom and Glacier Green underside of hardtop , this 280 Vantage turns heads with her chrome graphics and silver model designator , set off by sharp black canvas and a white rub rail with stainless steel insert . Power comes from a Mercury Twin 300hp V8 Verado (T-JPO 300 V8) with Advanced Midsection (AMS), Digital Throttle & Shift (DTS), and 4-Stroke technology in white , giving her the performance and reliability Boston Whaler and Mercury are known for.

Boston Whaler's legendary unsinkable construction and the 280 Vantage's versatile dual-console layout make her equally at home running offshore for a day of fishing or hosting friends and family for a day on the water. Every detail of the restoration was handled with care, and she's ready for her next owner to step aboard and enjoy worry-free.

Equipped with:

• Glacier Green hull sides gelcoat (white bottom)

• Glacier Green underside of hardtop

• Chrome graphics w/ silver model designator
