• Digital switching technology empowers remote control of key systems.

• Available gyro-stabilization ensures comfort in rolling seas.

• Reconfigured bow seating affords more space and easier access to the windlass/anchor and improved ability to fish from the bow.

• More personalized cockpit offers options for a grill and Corian countertop.

• Improved storage throughout the boat, resulting in more useable bow storage, a more organized cabin, and better designated sleeping space in the V-berth.

• Centerline hardtop access lets climber feels much more secure, and the style lines of the boat are improved as well
