Stellamar a 2023 RJ115 by Cantiere delle Marche - World Superyacht Award Winner - Long-Range Explorer - Exceptional Charter Performer

Stellamar represents one of the most compelling 35m explorer yachts on the market today—an award-winning combination of Italian design, long-range capability, and proven charter success. Built by Cantiere delle Marche and crowned with the World Superyacht Award 2024, she embodies the shipyard's commitment to engineering excellence and sophisticated craftsmanship.

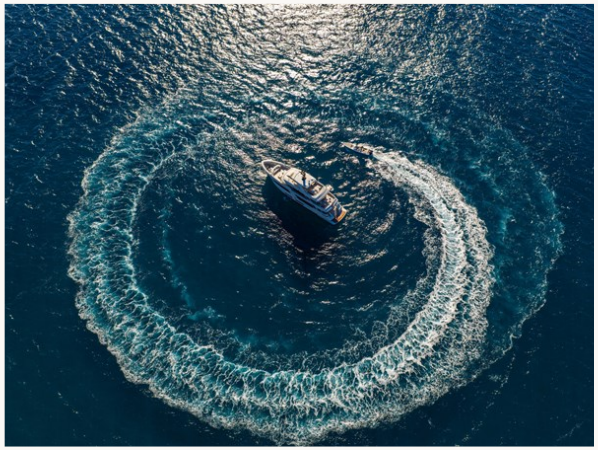

Designed by Francesco Paszkowski, the 2023 CDM Stellamar blends timeless elegance with the purposeful strength of an explorer yacht. Her dynamic profile is defined by extensive use of glass in the bulwarks, an open stern, and beautifully sculpted lines that maintain a continuous visual dialogue with the sea. Paszkowski's creativity shines in the generous volumes and luxurious amenities he achieved within her 35m footprint.

Naval architecture by Sergio Cutolo / Hydro Tec ensures outstanding seaworthiness, efficiency, and comfort. Powered by twin Caterpillar C18 Acert engines and equipped with 45,000 liters of fuel, Stellamar delivers an impressive 5,000+ nm range at 10 knots, enabling true globe-cruising without frequent stops. Stability is further enhanced by electric-driven stabilizers and a purpose-designed hull geometry.
