ABOUT

–

LOCATION

Fort Lauderdale, Florida, United States

Up for sale is the most highly customized 44ST Contender ever built! The standout feature of the boat is a full carbon fiber tower. She is powered with the latest and greatest engines Mercury has to offer, triple V12 600 HP Verados pushing the boat north of 70MPH.. She was custom ordered with off shore fishing in mind, but comfort was not sacrificed as the dual row stadium seating was ordered as well as the ingenious bow seating that is cut into the cap of the boat in order to give plenty of room to fish from the bow and last but certainly not least is the Seakeaper 3 to ensure a super stable and steady platform while at sea. She is also equipped with a killer JL audio system, over the top Simrad electronics package and FLIR night vision. These are just a few of the long list of features she was custom ordered with.
