ABOUT

Cruisers Yachts 34 Gls Outboard

This Cruisers 34GLS OB is a Mercury V10 400HP joystick piloting cruiser is exceptionally well-suited for Chesapeake Bay boating, combining powerful outboard performance with the comfort and technology needed for extended weekends on the water.

Powered by Mercury Black V10 400 HP engines with Joystick Piloting, she delivers strong mid-range acceleration, smooth handling, and precise low-speed maneuverability—ideal for navigating tight slips in Annapolis, Kent Narrows, St. Michaels, or Solomons. Whether you're docking at a waterfront restaurant or cruising across an open stretch of the Bay, the joystick system makes close-quarters control simple and confidence-inspiring.

Designed with Chesapeake conditions in mind, she is equipped with integrated Mercury radar and a Simrad VHF radio for added awareness when visibility drops. The Reverso engine flush system supports easy maintenance in the Bay's brackish water, and AGM batteries provide reliable onboard power. Underwater lights enhance her dockside presence and create a dramatic glow for evening raft-ups or quiet nights at anchor.

Unlike many outboard-powered boats, this cruiser is built for true overnight capability. A 6kW diesel generator and 120V air conditioning system allow comfortable stays away from shore power, making long weekends in Eastern Shore creeks both practical and enjoyable. Inside, a 27" salon TV and macerator system further enhance onboard convenience.

The cockpit is thoughtfully designed for Chesapeake-style entertaining. Dolphin Gray Ultraleather seating, Gray SeaDek flooring, and a bow filler cushion with table create inviting social spaces from bow to stern. A 120V electric cockpit grill, helm seat refrigerator, and wet bar refrigerator make hosting effortless on warm summer days. A black hardtop and retractable cockpit shade provide flexible sun protection throughout the day.

Finished in White with Slate Gray Plank styling and complemented by Dark Ebony Oak interior wood and a Gray interior color palette, she presents a modern, upscale look that stands out from Baltimore's Inner Harbor to the docks of Oxford.

Powerful, well-equipped, and built for the way we boat on the Chesapeake Bay, this Mercury V10 joystick cruiser is turnkey and ready for the season.
