LOCATION

Stuart, Florida, United States

NEW ASKING PRICE! Now asking $199,000 (Aug 6, 2026)

Don't miss out on this cold-molded Carolina express sportfish with a single Cummins 540hp QSC designed by Jesse Rhodes. Built in Charleston, SC by Dixon Boatworks, there is centerline helm pod with a Stidd helm chair, hardtop above has flush mount pancake teaser reels, and a recently new G&G enclosure. The OSPREY has been kept on boatlift and has a modest but useful, air-conditioned cabin below with enclosed head/shower, galley, and V-berth with filler panels, plus an Onan generator. She will make an economical 27mph cruise and the bow thruster makes handling around the dock easy. Tower has controls and there are recently fresh belly band and bench seat cushions. A pair of spreader outriggers and a center rigger and rod holders on the aft hardtop and rear tower legs, plus a transom fish box and a livewell behind the helm seat. Aft facing, cushioned bench seat is just to starboard of the helm. The 4-blade prop is in a pocket on her bottom allowing shallow water comfortable 3'3" draft. Inside there is a V-berth forward with overhead hatch and two filler sections to make a full berth when wanted with a digital thermostat for the A/C on the side. A mini-galley has microwave oven, sink, and refrigerator with modest cabinets and a small settee across on the portside.
