ABOUT

Navetta Crescendo 26

LOCATION

Mugla, Mugla, Turkey

Custom Line Navetta 26 Crescendo (2014) is the enhanced Crescendo version of the Navetta 26, offering upgraded volume, layout refinements, and design improvements over the standard Navetta 26. Developed as an intermediate evolution, the Crescendo model bridges the gap toward the larger Navetta 28, delivering a similar feel in terms of interior flow, comfort, and long-range capability—while maintaining the more efficient 26-meter platform.

Designed for comfortable extended cruising, she features a full-beam main-deck master suite, a five-cabin layout for up to ten guests, and reliable twin MAN diesel engines with conventional shaft drive. The semi-displacement Navetta hull ensures excellent seakeeping, quiet operation, and efficiency at cruising speeds, making her ideal for Mediterranean and offshore passages.

Highlights

• Crescendo version – upgraded and more refined than the standard Navetta 26

• Conceptually closer to Navetta 28 in volume and layout philosophy

• 5 cabins / 10 guests, incl. main-deck full-beam master

• Twin MAN diesel engines with shaft (V-drive) propulsion

• Comfortable 12-knot cruise with long-range capability

• Spacious flybridge, light-filled salon, and practical crew arrangemen
