ABOUT

Dynamiq Global 500 Hybrid

LOCATION

Antalya, Antalya, Turkey

The Global 500 Hybrid is a last-generation explorer that steps boldly into the domain of hybrid propulsion. The fast displacement hull combined with MAN diesels and twin Siemens EcoProp electric motors mean the lightweight, all-aluminium G 500 is not only eco-friendly and highly efficient with a cruising range of 4,500 nm, but also extremely quiet. The loft-style layout features a master stateroom on main deck with two fixed balconies, five deluxe guest cabins on the lower deck, a spa with sauna and toys garage in the transom, a huge sundeck with hot tub and space for gym equipment, and a touch-and-go helipad on the main deck aft rated at 3,000kg. What is more the yacht comes with stylish interior design by Bentley Home as standard and incredible ceiling heights of 2.2 metres throughout.
