ABOUT

Magna Grecia

LOCATION

Athens, Attica Region, Greece

Originally constructed by Elsflether Werft and extensively refitted in 2019, MAGNA GRECIA was transformed into a modern, expedition-style tri-deck superyacht—earning recognition for its award-winning rebuild. Extending her hull during the refit, enhancing deck space, and adding state-of-the-art AV systems, a gym, and a Jacuzzi, she now stands as a luxurious floating retreat.

Most recently, she underwent an extensive 8-month winter refit, which included a full exterior refresh—now showcasing a striking snow-white hull—and comprehensive updates to her core systems.

The project has left MAGNA GRECIA in pristine condition—both technically and visually.

At 63.8 m (209 ft) with a beam of 8.9 m, this vessel offers 850 GT of volume.

She welcomes up to 12 guests across 6+1 en-suite cabins—comprising a full-beam master suite, VIP, two double, and two twin cabins—served by a professional crew of 15.

Her extensive amenities include:

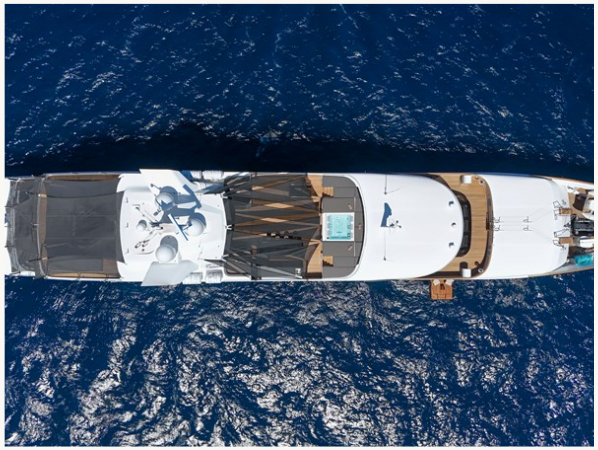

Full gymnasium with panoramic views, Sundeck Jacuzzi, bar, and open-air lounge/disco.

Beach club with large swimming platform, Cinema lounge, and premium Kaleidescape AV system, Zero-speed stabilizers, WiFi, air conditioning.

Powered by twin Caterpillar engines (1,550 hp each), she cruises at 14 knots (max 15 knots) with a range up to 4,300–6,000 nm.

MAGNA GRECIA's classic styling, generous volume, and robust toy inventory—including WaveRunners, Jet Skis, flyboards, Seabobs, kayaks, and three tenders—ensure she excels in both private ownership and charter markets.
