ABOUT

2023 Everglades 235CC

LOCATION

Key Largo, Florida, United States

An Entirely New Class of Entry-Level Performance Center Console Boats

Debuting at the 2020 Fort Lauderdale International Boat Show, the all-new 235cc takes center stage. Size matters and Everglades has taken expectations "next level" for the entry-level center console category.

Built upon our patented RAMCAP high-density hull, the 235cc has innovations and features that make the term "entry-level" outmoded. A fish hunter at its core, the rigidity, and strength of its hull can take you well beyond shallow bays and intercostal waters out into the deep. Powered by a 300hp Yamaha engine package, you can direct its power at the 235cc's upgraded helm. Digital displays, Bocatech® switches, sliding windshield, and Helm Master controls are perfectly spaced across the helm, giving the captain complete control and superior 360° visibility. Our patent-pending swivel helm seat provides first-ever versatility and keeps the captain comfortable yet stable when facing forward and can be turned to face the stern as a mezzanine seat, providing an alternative cushioned leaning post. Upfront, bow and forward console seating is also improved with larger, more contoured seats and under-seat insulated cooler/dry storage.
