ABOUT

L.A.U.L

LOCATION

Bandol, Provence-Alpes-Cote-d'Azur, France

The 39.6m ISA Extra 130 Alloy L.A.U.L is an aluminum long-range yacht launched in 2019 at Palumbo Shipyard, Savona. Designed by Francesco Guida with naval architecture by Studio Rogantin and Palumbo Superyachts, it combines spacious indoor and outdoor areas with a practical layout for comfort at sea and at anchor.

The upper aft deck offers outdoor dining, seating, and a bar, connecting via side walkways to the forward sundeck and jacuzzi. A swim platform leads to the aft main deck and the tender garage, which accommodates a 5.4m tender and jet ski. Lounges, sunpads, and multiple entertainment spaces are found across all decks.

Interior spaces feature large panoramic windows, a minimalist white and grey design with leather, metal, and slate finishes, a main living area with a 65" swivel TV, and a formal dining area for 12 guests. Accommodations include a full-beam master suite on the main deck, three VIP double cabins, a twin cabin on the lower deck, and 5 crew cabins for 7 crew, with the Captain's cabin on the navigation deck.

Powered by twin 1800 Hp CAT C32 engines, L.A.U.L reaches 17 knots max, cruises at 12 knots, and has a 5,200 nm range at 9 knots. Running and zero-speed stabilizers, its strictly private use and maintenance programme make L.A.U.L one of the most attractive explorers on the market today.

Full specifications
