ABOUT

Galeon 560 Fly

This Galeon 560 FLY has been exceptionally cared for and thoughtfully optioned for comfortable cruising, entertaining, and time aboard. Powered by twin Volvo Penta D13-900 engines with approximately 430 hours, she's equipped with a Seakeeper 9 gyro stabilizer, bow and stern thrusters, and a hydraulic movable beach platform with Permateek.

The flybridge is set up for long days on the water, with an electric grill, icemaker, multiple refrigerators, additional forward speakers, and a full-front Admiral Canvas Isinglass enclosure. Navigation and onboard technology include Raymarine Axiom XL displays at both helm stations, augmented reality and rear-view cameras, Starlink, XM radio and weather, and a GOST security and camera system.

Inside, the salon features exclusive Eucalyptus Nero matte wood flooring, a soundbar system, and a 50-inch smart TV. The master and VIP cabins have updated mattresses, while the master also features custom power-lift beds. Roman blinds, washer-dryer, additional storage drawers, and extra power outlets add comfort and convenience throughout.

The vessel comes with a 10-foot-6-inch Walker Bay tender powered by a Yamaha 40, equipped with a stereo and a new 9-inch Garmin. Additional highlights include an ElectroSea water chiller/chlorinator, reserve water tanks, and an extra water intake screen.

Her current owners have maintained her with care: she is washed biweekly, polished and ceramic coated regularly, and the teak has been sanded, sealed, and maintained. A system flush and Barnacle treatment were recently completed, and the hull was pressure washed. The hull received ablative coating and the running gear a speed coating in February 2026.

- Twin Volvo Penta D13-900 engines; approximately 430 hours
- Seakeeper 9 gyro stabilizer
- Electric bow and stern thrusters

- Hydraulic movable beach platform with Permateek
- Raymarine navigation package with Axiom XL displays at both helm stations
