ABOUT

Serenity

LOCATION

Ventimiglia, Liguria, Italy

The 680 FLY joined the latest, fourth, generation of Galeon models and introduced some exciting new features to the segment. With lightweight construction taking advantage of carbon technologies, its powerful yet elegant frame will offer commendable performance and great handling.

On board of the 680 Fly, guests will find incredible volume, a bright and

welcoming interior and a highly customizable, luxurious finish. A saloon with four power panoramic windows, a wide cockpit door, a sunroof and a skipper's exit all combine to place a large open space at guests' disposal to allow for that intimate touch with nature. Galeon 680 Fly is a combination of a classic hull with the new "Floating Design" interior and additional innovations added. The interior's "Floating Design" concept is a direct nod towards waves with its rounded, wavy combination of mat and glossy woodwork.

The class's largest flybridge offers a "Smart Layout" with a bar and recreation space for a dozen or so guests. The bow area is offered in two different layouts: with an assortment of multifunctional power sofas and tables or a classic

sundeck with a large sofa. Galeon 680 Flybridge combines all the best aspects of classic style and modern approach.

Full specifications
