ABOUT

Grady-White Canyon 271

There's something special about stepping aboard a boat built for exactly the kind of water you love to run, and this 2025 Grady-White Canyon 271 is made for the Emerald Coast. Twin Yamaha F300FM outboard engines give you the power and reliability to cruise out past the Destin Jetties and into the Gulf with confidence, whether you're chasing calm mornings near Crab Island or putting some miles on toward the deeper water off Okaloosa Island. At the helm, the Garmin 9213XSV and 9213MFD displays paired with Garmin BlueNet integration give you crystal-clear navigation and sonar readouts, while the 600W thru-hull transducer and Interphase systems (both Yamaha and Fusion, integrated with Garmin) mean you're always dialed in on what's below the surface — handy whether you're navigating the channel or marking structure offshore.

Staying connected and in control out on the water matters, and this Canyon 271 doesn't cut corners there either. The Garmin 215 VHF radio with fist microphone kit and 8' VHF antenna keep communication sharp, and the NMEA 2000 starter kit ties the whole electronics suite together seamlessly. It's the kind of setup that lets you focus on the moment — whether that's watching dolphins play off the bow near Okaloosa Island or easing into a quiet anchorage as the sun dips behind the Destin skyline.

Out on deck, the Celestial Blue gel coat gives this boat a striking look that'll stand out at any marina along the Harbor or over at Destin's boardwalk. The ivory bow shade and Sure Shade top mean you've got relief from that Florida sun whenever you need it, so a full day on the water chasing red snapper or just cruising past the white sand beaches never feels like too much. When it's time to relax, the bow table sets up easily for snacks and drinks while you take in the view.

For anglers, the casting platform insert with cushions is a nice touch — easily converting from a comfortable lounge spot to a stable casting platform when the fish start biting near the jetties or along the grass flats. Whether you're spending a lazy afternoon anchored off Crab Island with friends or heading out for a serious day of fishing in the Gulf, this Canyon 271 is built to handle Ft. Walton Beach boating in style. It's a boat that's just as ready for adventure as you are.
