ABOUT

Harris Solstice 230

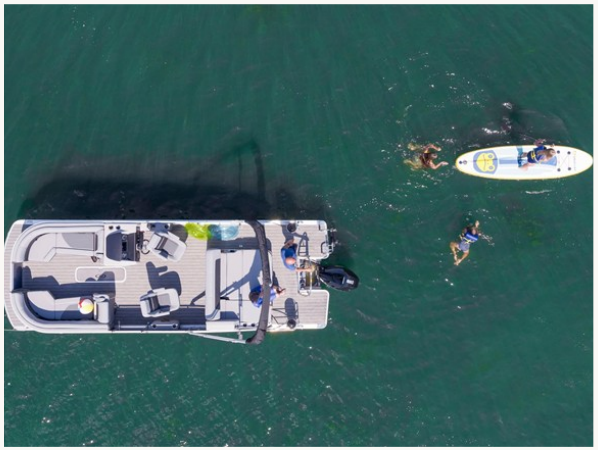

The 2023 Harris Solstice 230 brings together pontoon comfort, impressive performance, and a premium lineup of options for a full day on the water. Powered by a Mercury 250 VDO V8 AMS outboard, this Solstice has plenty of power for cruising, watersports, or simply getting across the bay with ease. The Sterling Gray exterior and interior, Black Sapphire accents, and Black Edition powder-coated fence give it a sharp, modern look.

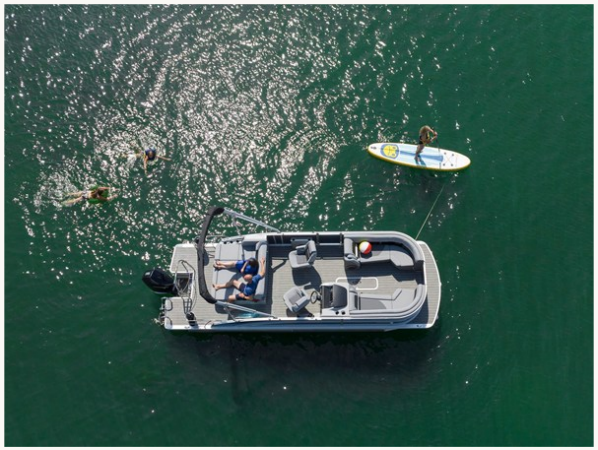

Step aboard and you'll find slate gray woven teak flooring throughout, along with plush Moonlight Gray pillow top seating and an Ultra Lux high-back helm seat. The raised helm gives the captain a great view underway, while the Simrad GO9 chartplotter/sonar keeps navigation and depth information close at hand. A chaise end flip-up table and aft stainless steel swim seat add even more versatility when it's time to relax.

This Solstice 230 is also set up for plenty of fun on the water. The black Ultra tower with manual lift and black Bimini provides shade and watersports capability, while the double Bimini gives everyone a comfortable place to get out of the sun. The JL Platinum sound system features eight speakers, two amps, subwoofers, and tower speaker cans, while the total C-Zone interior and exterior lighting package makes this pontoon just as enjoyable after the sun goes down.

Around Pensacola, this Harris is right at home cruising Pensacola Bay, heading toward Pensacola Beach, or spending the afternoon around the Gulf Islands National Seashore. Load up the family and make your way toward Fort Pickens, anchor up for a swim, or cruise back toward the harbor as the sun sets. With its Mercury 250, premium seating, watersports-ready setup, and upgraded audio and lighting, this 2023 Harris Solstice 230 is built for making the most of every day on the Gulf Coast.
