## THE HIGHEST-OPTIONED 105 RAISED PILOTHOUSE EVER BUILT BY HATTERAS

Representing the pinnacle of American yacht craftsmanship, this 2022 Hatteras 105 Raised Pilothouse stands as the final and most comprehensively optioned superyacht ever delivered from the legendary Hatteras Yachts shipyard. Exceptionally specified, impeccably maintained, and outfitted with an extraordinary list of factory upgrades and custom enhancements, this vessel offers a rare opportunity to acquire a late-model pedigree motor yacht with true long-range cruising capability, bespoke elegant interior, volume, and state-of-the-art systems integration.

Constructed using Hatteras' advanced resin-infused foam core technology with a solid fiberglass hull bottom, the yacht delivers superior structural integrity, reduced weight, enhanced efficiency, and an exceptionally quiet ride. Her fully painted hull and superstructure feature a premium polyurethane finish, complementing the yacht's striking profile and timeless exterior styling.

Powered by upgraded twin Caterpillar C32A 1900HP engines with ESC extended warranty coverage, paired with zero-speed ABT-TRAC fin stabilization, powerful bow and stern thrusters, and remote docking controls, she offers effortless handling whether underway or maneuvering in tight marinas.

Designed for sophisticated cruising and entertaining, the yacht accommodates up to nine guests in four luxurious staterooms, including a full-beam master suite, while separate crew quarters comfortably house four crew members in two cabins
