ABOUT

Lady Lucy

LOCATION

Palma, Balearic Islands, Spain

M/Y LADY LUCY is an exceptionally well-maintained pedigree yacht that has been in private use only since her launch in 2001. She has been consistently upgraded throughout her life, with major refits carried out in 2018, 2020 and 2024, giving her the amenities and finish of a much more modern yacht. During the 2018 refit, her owner installed an elevator connecting the accommodation deck to the sundeck, along with a significant upgrade to the interior décor.

Delivered in 2001 to ABS classification, LADY LUCY features a striking Art Deco interior. Floor-to-ceiling windows in the main salon, polished gloss woodwork and mirrored accents, fine carpeting, and custom Art Deco-style furniture come together with bold colors, lacquered finishes and gold appliqués for a distinctive, high-end look.

She comfortably sleeps eight guests across four cabins: a large master suite on the main deck, a full-beam VIP cabin, and a twin cabin and queen cabin on the lower deck, each with a generously sized ensuite bathroom. All four decks are connected by her elevator.

Power comes from twin CAT 3412C engines, giving LADY LUCY a top speed of 12.3 knots and an efficient cruising speed of 10 knots, with a range of 3,500 nautical miles. She is fitted with Naiad stabilizers for a smooth ride underway and at anchor (zero-speed), and her twin 65kW Northern Lights generators support extended time at anchor.

LADY LUCY accommodates up to seven crew, including a captain's cabin on the lower deck within the crew quarters.

Having always been privately owned and well maintained, with unbroken ABS classification, low engine hours and complete maintenance records, she is presented in excellent condition.

Full specifications
