ABOUT

Anjilis

LOCATION

North Palm Beach, Florida, United States

Anjilis is a 105' (32.00m) raised pilothouse motor yacht built in 2004 by Holland Jachtbouw to a design by Bill Langan of Langan Design Associates, and refit stem to stern in 2021. The 12-month refit included complete zero-time overhauls of both MTU 16V 2000 M90 engines, extensive drivetrain and running-gear refurbishment, new NAIAD zero-speed stabilizers, and a full suite of new Furuno navigation electronics. Twin Kohler 45kW generators and the Condaria chilled-water HVAC plant, originally installed in 2017, were comprehensively serviced and recommissioned during the refit. Patrick Knowles Designs oversaw new carpet, upholstery, and salon systems throughout. Anjilis sleeps 7 guests across three staterooms, including a full-beam owner's suite amidships and a dedicated formal dining room forward of the salon, and carries a crew of five in self-contained forward quarters. Aluminum hull and superstructure construction and build to ABS and MCA standards reflect a vessel suited to long-range use, whether private or charter. Cruising at 16 knots with a top speed of 22 knots.
