2024 Jeanneau NC895

65 hours on Twin Mercury 225XL DTS

Remaining Factory Warranties

Motivated Seller

The current owner took delivery of the boat in January 2024. He has been a sail boater all his life and was getting into power boating with this easy-to-handle Jeanneau NC895. While he and his wife were enjoying their first power boat and loved getting back into boating again, a sudden health issue had come up and they're having to sell their boat and this is the reason why they are parting with this like-new boat! The boat has approximately 65 hours of use by going to Oleta Park and a few runs up and down the Intracoastal waterway. He has added an Accumulator Tank for the Fresh Water System and a Mantus Swivel for his main anchor . Mercury 25-hour service has been performed as well. The boat is equipped with all the necessary long range cruising options including a 3.5Kw Generator , Bow Thruster, 16000 BTU Air-Conditioning and a Cockpit Enclosure to name a few.

The boat comes with our exclusive InterMarine Delivery Package that consists of Eligibility for Fun Escapades, Hands on Captain Training and Orientation, After Sale Service and Warranty assistance by an appointed Jeanneau Dealer.

If you are a potential buyer for this popular Jeanneau NC895 model, please call me and I will give a very accurate description of this boat.
