ABOUT

Mjm 35

This beautifully appointed 2025 MJM 35 blends classic Downeast style with cutting-edge technology, comfort, and performance. Powered by twin Mercury 400HP V10 Verado outboards with joystick control and Skyhook, she delivers effortless handling, impressive speed, and rock-solid positioning—whether docking or holding station offshore. A bow thruster further enhances low-speed maneuverability, making close-quarters handling a breeze.

Designed for all-season cruising and entertaining, the vessel features Sunbrella roll-up privacy curtains on the bridge, an aft cockpit bimini, and LED cockpit and bow lighting, creating a versatile indoor-outdoor experience. The cockpit is thoughtfully arranged with rod holders, an additional drop-leaf table, a serving bar with a 120V electric grill, and a freezer drawer—equally suited for cruising, entertaining, or fishing.

Below deck, the pilothouse and cabin are climate-controlled with 16,000 BTU and 8,000 BTU Dometic A/C systems, complemented by drop-down HD LED TVs, a microwave/convection oven, and a V-berth filler for a spacious double berth. High-end finishes and metallic/med-dark paint elevate both the interior and exterior aesthetics.

This MJM 35 is fully outfitted with premium electronics and safety systems, including Garmin GMR Fantom 18 radar, Garmin GPSMAP 8612, FLIR M232 thermal camera, gyro stabilizer, 3.5kW generator, dual solar panels, underwater transom lighting, and Starlink satellite internet—installed and ready for use—providing reliable connectivity wherever your cruising takes you.

Professionally protected with a ceramic coating and Yacht Armor on the hullsides, the exterior is both striking and well-guarded. Additional highlights include engine freshwater flushing, a transhield transport cover, and a full commissioning kit—making this vessel truly turnkey.

Meticulously specified and loaded with desirable upgrades, this 2025 MJM 35 represents a rare opportunity to own a fully equipped, modern Downeast cruiser offering exceptional performance, comfort, and technology.
