ABOUT

Bella Luna

LOCATION

Istanbul, Istanbul, Turkey

BELLA LUNA is a 26.3m Monte Carlo Yachts MCY 86 flybridge motor yacht delivered in 2015 and refitted in 2026. Built by the renowned Italian shipyard Monte Carlo Yachts and designed by Nuvolari Lenard, she combines elegant styling, strong performance and practical cruising capabilities, making her an excellent option in the popular 80–90ft segment.

Constructed with a lightweight composite hull and superstructure, BELLA LUNA offers fuel efficiency, stability and reduced vibration. Twin MAN V12 engines provide a cruising speed of 16 knots and a top speed of 28 knots. Her 6.55m beam delivers impressive interior volume while remaining manageable for owner-operators or smaller crews.

Outdoor spaces include an aft deck dining area, foredeck lounge and spacious sundeck with Jacuzzi, sunpads and wet bar. A fold-out balcony off the main saloon and hydraulic swim platform enhance access to the water and onboard enjoyment.

The interior features contemporary Italian styling, floor-to-ceiling windows and bright, comfortable living spaces. The main saloon, dining area and fully equipped galley are designed for relaxed cruising and efficient service, while upgraded AV systems, air-conditioning and Starlink connectivity add modern comfort.

Accommodation is for up to 10 guests in 4 cabins, including a full-beam master suite, VIP cabin and two convertible twin cabins with Pullman berths. Crew quarters sleep up to 4 staff. Zero-speed stabilisers ensure comfort both underway and at anchor.

With her charter-friendly layout, modern amenities and turn-key condition, BELLA LUNA presents a strong opportunity for both private ownership and charter investment.
