ABOUT

Nor-Tech 550 Sport Center Console

2020 Nor-Tech 550 Sport powered with QUAD 2024 Mercury V12 600's (ONLY 50 HOURS). This is a unique opportunity to own a truly custom "yacht spec" sport cruiser that checks more boxes than you know you had.

This is an impressive profile of Master Plan II, a highly customized Nor-Tech 550 Sport center console. The boat is designed to be a "do-it-all" vessel that bridges the gap between a high-performance speed boat and a luxury motor yacht.

Performance & Mechanics

• Power: It features four Mercury V12 600's with Joystick Piloting (ONLY 50 HOURS).

• Speed: The boat was observed comfortably cruising at 60 mph, even while heavily loaded.

• Stability: It is equipped with a Seakeeper gyroscopic stabilization system to reduce boat roll, making it much more stable in rough water.

• Power Supply: A Northern Lights diesel generator provides independent power for the onboard systems.

Fishing & Diving Amenities

• Fishing: Set up for serious offshore action with outriggers, downriggers, a 60-gallon live-well, a bait station, and tuna tubes.

• Diving: It includes a self-contained Brownie's Third Lung Snuba system, allowing for diving without traditional heavy tanks.

Luxury & Comfort

• Accommodations: Two master staterooms, each with its own enclosed shower and head (bathroom).

• Technology: Features electronic "privacy glass" (which can switch from clear to opaque), a projection TV with a retractable screen in the cockpit, and Apple TV.

• Climate & Shade: Includes an oversized T-top with a SureShade power extension to provide shade over the cockpit area, also has a full isinglass enclosure and a full storage cover, seperate AC units for both staterooms and the helm/deck area.

• Kitchen: Fully equipped for entertaining with an outdoor grill, stove, freezer, ice-maker, and refrigerator.

Navigation & Electronics

• The helm is loaded with dual 22-inch Garmin GPS units, FLIR thermal imaging (for night navigation), sonar, autopilot, and TracVision satellite.

This is a truly "no-expense-spared" build that prioritizes family comfort without sacrificing the high-speed thrills Nor-Tech is known for.

Call Aaron to schedule an appointment to view this amazing machine in person.
