ABOUT

Exit Strategy

LOCATION

Fort Lauderdale, Florida, United States

The 2023 Numarine 26XP EXIT STRATEGY is a purpose-built expedition-style yacht accommodating up to eight guests in four spacious staterooms, with additional accommodations for four crew in two dedicated cabins.

Constructed in advanced composite FRP, she is engineered with Silent Line noise and vibration control package, delivering performance that meets and exceeds “Comfort Class” standards. As a result, EXIT STRATEGY distinguishes herself as one of the quietest yachts in her CE category, while her CE Class A offshore certification ensures true blue water cruising capability.

Onboard comfort is further enhanced by the latest-generation electric fin stabilization system, providing exceptional stability both underway and at anchor. The extended flybridge hardtop is equipped with a comprehensive solar energy package and an impressive 80 kW lithium-ion battery bank, forming the Silent Package that allows for silent overnight operation without generator use.

Additional highlights include a full beam midship master stateroom, a conveniently located day head in the passageway to the helm, hydraulic swim platform with lifting capacity for tender or toy storage, and a 900lb davit on the flybridge deck for jet skis, together creating a highly capable, efficient, and exceptionally comfortable long-range cruising yacht.
