ABOUT

Doge 500

LOCATION

Chioggia, Veneto, Italy

The OCEAN KING DOGE 500 stands as the pinnacle of the esteemed DOGE series, representing the perfect fusion of Italian design elegance and true explorer yacht capability. Crafted by the acclaimed Design aLOT studio, this 164-foot (50-meter) masterpiece boasts bold yet refined exterior lines, a signature vertical bow, and expansive glazing that brings natural light and sea views into every corner of the vessel. With a steel hull engineered for long-range transoceanic passages, the DOGE 500 is built to explore without sacrificing luxury.

From bow to stern, the DOGE 500 is a study in balanced design — blending open decks with intimate lounges, communal living spaces with serene private retreats. The wide, open stern features twin fold-out balconies, offering direct access to the sea and an ideal space for entertaining or relaxing. On the upper levels, the dedicated owner's deck offers a private front-facing terrace and a generous pool, while the crow's nest delivers breathtaking panoramic views from the yacht's highest vantage point.

The interior design reflects a philosophy of sophistication and function. Carefully selected materials, harmonious color palettes, and refined layout choices come together to create an ambiance that is both luxurious and inviting. Every detail has been considered to ensure comfort at sea, from the flexible accommodation arrangements to the smart use of space rarely seen in a 164-foot (50-meter) vessel.

Technically advanced, the DOGE 500 features a robust engine room inspired by commercial ship standards. With increased ceiling heights and an efficient layout, it supports the yacht's remarkable 6,000-nautical-mile range — ideal for adventurous owners looking to cross oceans in style.

Constructed in high-grade metal with top-tier finishes, the DOGE 500 offers a fully customizable platform tailored to meet each client's vision. Whether used as a luxurious private retreat or a capable world cruiser, the DOGE 500 promises unmatched capability and comfort on the water.
