ABOUT

Ducale 140

LOCATION

Fort Lauderdale, Florida, United States

The Ducale 140 is designed to remove the barriers between you and the ocean. Thanks to advanced structural analysis, the yacht is built with minimal internal supports, all cleverly integrated into the design. This innovation allows for vast, unobstructed spaces with floor-to-ceiling windows on both the main and upper decks- flooding the interiors with natural light and offering panoramic sea views. Glass bulwarks and cantilevered decks not only enhance visual openness but also provide shaded exterior lounges and expansive open-air living areas.

With remarkable transoceanic range of 5,000 nm, the Ducale 140 is ideal for global cruising. Onboard, a comprehensive insulation system ensures near-silent operation throughout all cabins, while the spacious engine room and high-tech bridge support reliable, user-friendly operation. The yacht has a draft of 8.2 feet and offers an impressive 440 gross tons of internal volume- exceptional yacht for her size. It cruises comfortably at 13 knots and reaches top speed of 15 knots, powered by a robust and efficient engineering package. With a remarkable transoceanic range of 5,000 nm, it is built for long-distance exploration without compromising comfort. Every detail, from her hull design to her performance, reflects Ocean King's commitment to craftsmanship and reliability.

Accommodations include a sun-drenched master suite and well-appointed guests staterooms, all designed for superior comfort. Crew quarters exceed industry standards in size and functionality, ensuring excellent onboard service. Owners can install up to two Jacuzzis- one aft and another on the sundeck.

With its blend of rugged explorer yacht DNA and refined Italian elegance, the Ducale 140 is a unique opportunity for discerning owners seeking luxury, innovation, and true ocean-going capability.
