Pershing 140

140 The Biggest Thrill

CONCEPT: The ultimate expression of the Pershing thrill. The Pershing 140 is not only Pershing's first all-aluminum superyacht. It is also the first yacht with a raised helm station directly connected to the sun deck. It is the first to set the area dedicated to the owner on the main deck and is also the first to have a beach area that can open fully on three sides.

DESIGN : The profile of the Pershing 140 displays the sleek lines that symbolize the brand's sporting, competitive spirit, enhanced by such iconic details as the two side wings integrated into the superstructure at the beginning of the walkways. The distinctly contemporary shape of the bow enhances the model's aerodynamics, guaranteed by the mooring cover with an automatic up/down mechanism that maintains the streamlined design.

PERFORMANCE: Pershing 140 comes with four MTU 16 V 2000 M96L 2600 HP engines. The hydro-jet propulsion assures excellent performance levels, both at cruising and maximum speed. Consistent with the Pershing DNA, the domotics and electronic systems are all state-of-the-art and coniugate performance with well-being and relaxation. Three Seakeeper 35s guarantee absolute comfort even while at anchor.

COMFORT: The three large decks and spacious outdoor areas make living on board the Pershing 140 extremely comfortable. The revolutionary stern area architecture is designed to enhance onboard entertainment and is exalted by the large beach club right at the water's edge. To offer a personalized and unique thrill, all on-board decorations are tailored to reflect the owner's style.
