ABOUT

Stallion

LOCATION

Fort Lauderdale, Florida, United States

Power, precision, and pedigree—STALLION lives up to her name in every way. This 2022 Pershing 9X is a striking example of Italian engineering and design at its finest. With her aggressive profile and 42-knot performance, she delivers the thrill of a true performance yacht, combined with the luxury and innovation that define the Pershing brand.

Powered by twin 2638HP MTU M96Ls and stabilized with dual Seakeeper 9s, STALLION offers an exceptionally smooth ride at speed, with joystick control via the Xenta system for confident handling in tight quarters. With both upper and lower helm stations and a full suite of cutting-edge electronics, she's ready for any waters—coast to coast or across the Atlantic.

A global-capable yacht, STALLION is equipped with a shore power frequency converter, allowing seamless operation no matter where she drops anchor. Originally delivered in Europe and cruised through the Mediterranean, she's since crossed to the U.S. and is now actively cruising the East Coast under the watchful eye of a full-time, experienced captain.

The 9X's sleek lines hide an expansive interior with four ensuite staterooms (plus accommodations for up to three crew), a spacious salon with a full wet bar, and signature Italian detailing throughout—including the Poltrona Frau-designed "Interior in Motion" helm station. Outside, the large sundeck and aft lounging areas make STALLION just as much a social entertainer as a high-performance vessel.

Recent upgrades and service reflect her excellent care. From fresh bottom paint and full engine services to new membranes in the watermaker and a newly carpeted master stateroom—STALLION is dialed in and ready for her next owner.
