ABOUT

Best Day Ever

LOCATION

Miami, Florida, United States

"Best Day Ever" is a hard to find and rarely traded Princess 58 Flybridge that will sell fast as she is the best example of this model brought to market in years. This is the current owner's third similar vessel and all systems must function flawlessly for month long trips he regularly takes the Exumas, Bahamas. All mechanical service provided by Caterpillar specialists Southshore Marine Diesel and maintenance program by Neptune Marine Detailing. Everything has received attention, including recent full service to engines and generator, full hull wax, full interior detail, new aft cockpit upholstery, new bimini top and teak refinishing. She features the more powerful upgraded Caterpillar C-15 engines with STRAIGHT SHAFTS (no pod drives or v-drives) that still keep the efficiency and maintenance accessibility of an inline-6 engine. The engine room and enormous lazarrete look like they just left the factory. The vessel's tunnel form hull provides shallow 4'2" draft that is rare for a nearly 60' vessel boasting a full-beam master included in total of 3 staterooms and 2 dry heads. The vessel also sports a hydraulic crane stowed in the transom with a large tender platform. The crane provides ease of maintenance, reliability and peace of mind you can always easily retrieve your tender without the added maintenance and reliability issues that plague swim platforms lifts. With a custom mounted high performance Starlink satellite, huge flybridge, multiple salon couches, large U-shaped dinette, cocktail bar, spacious kitchen, washing machine/dryer and tons of storage, she is the ideal shallow water cruiser for the Bahamas and Florida Keys. For comfortable high performance long range cruising combined true customer and parts support of Princess Yachts of America, the Princess 58 Flybridge is still the standard. "Best Day Ever" has been a loved boat with a long list of resent and past upgrades along with all service being current, she is turn-key and ready for the next Exumas adventure.

- Full wax, polish and detail (4/24)
