ABOUT

Ripple

LOCATION

Jupiter, Florida, United States

2018 Princess Y75 Motor Yacht RIPPLE is now on the market. Professionally maintained with extensive recent upgrades and service records, she presents in excellent condition and is truly turnkey.

Powered by twin 1,800 HP MAN engines with only 1,300 hours, RIPPLE comfortably cruises at 28 knots and reaches a top speed of 36 knots.

Her four-stateroom layout is among the best in her class. The full-beam, midship master stateroom features its own private staircase, while the three spacious guest staterooms include a forward VIP and port guest stateroom, each with a private en suite head. The starboard guest stateroom shares a large head that also serves as the day head.

RIPPLE stands apart from other Y75s with custom wide-plank white oak flooring throughout the main deck and newly installed composite/synthetic teak decking on the flybridge and aft deck.

Her expansive flybridge provides an exceptional space for entertaining and relaxing, complete with a full wet bar. A hydraulic swim platform offers easy access to the water and makes launching and retrieving a tender simple.

She is also equipped with the systems today's owners and captains want already in place, including a brand-new Dometic Spot Zero, Sea Recovery watermaker, Seakeeper, Starlink, and an ElectroSea ElectroStrainer Pro. These upgrades make extended cruising, onboard comfort, connectivity, and routine maintenance easier for both owner and crew.

With all major service items up to date, numerous recent upgrades, and detailed maintenance records, RIPPLE is as turnkey as they come and ready for her next owner.

VESSEL HIGHLIGHTS

• Hydraulic bow and stern thrusters

• Hydraulic swim platform

• Starlink
