ABOUT

Sea Wolf

LOCATION

Airlie Beach, Queensland, Australia

SEA WOLF combines Princess Yachts' proven design with a comprehensive programme of recent upgrades, offering an extensively updated motor yacht with impressive volume, capable performance and equipment suited to extended Australian cruising.

With a beam of 18'10" (5.74m), the Princess P82 provides generous interior living spaces rarely found in this size range.

Twin 1,700hp Caterpillar C32 diesel engines deliver cruising speeds of approximately 22 knots and a top speed of around 28 knots. Combined with a 6,400-litre fuel capacity, SEA WOLF is well suited to coastal passages, extended cruising and entertaining aboard. The Vector Fin stabilisation system provides increased comfort both underway and at anchor.

Large hull windows flood the main saloon with natural light, while the open-plan layout connects generous lounge seating with a dedicated formal dining area. The result is a practical and inviting space equally suited to relaxed family cruising or entertaining guests.

Accommodation is arranged across four ensuite cabins, comprising a full-beam master suite, forward VIP stateroom, twin guest cabin and an additional double guest cabin. Separate crew accommodation aft includes a twin ensuite cabin with private access, together with a dedicated utility area incorporating laundry facilities.

Outdoor spaces have been designed to maximise time on the water. The aft cockpit features an alfresco dining setting, lounge seating, wet bar and refrigeration, while the flybridge provides a second helm, additional dining and lounge areas, and the jacuzzi installed in 2022—creating multiple spaces for entertaining or relaxing throughout the day.
