ABOUT

# Dozer

LOCATION

Seattle, Washington, United States

"DOZER", an elegant semi displacement motor yacht with timeless lines from the drawing board of the world renown designer, Steve Seaton. Her design brief included safe, stable & efficient coastal traveling for family with short crew. Boasting three luxury guest state rooms forward and a full beam master amidship with private access off main salon you get the feeling your on a much larger vessel. An added feature for those owner operators is direct engine room access off the master landing. "Dozer" was constructed in composite GRP with five watertight bulkheads by non other than the pedigree builder "Cooper Queenship Yachts" of Maple Ridge, B.C. Canada. Her interior is that of a traditional craftsman style featuring raised panel cherry wood with elm burl highlights throughout.

"DOZER" benefits from an extensive refit by her current owner of all major systems in 2020 at Delta Marine Industries in Seattle, Washington. Some of what was included in the refit... updated bridge electronics both communication and navigation, a modernized galley with a country kitchen feel, new salon bar, updated heads in all guest areas, engine room ventilation, all through hulls replaced, mechanical service on mains and gens brought to date and exterior paint renewed. Her teak decks have been replaced in the last 10 years and are in fabulous condition. Having travelled from Alaska to New England on her own bottom, "Dozer" has proven to be a safe, stable and efficient offshore traveling yacht. Her sea kindly characteristic's and fuel sipping efficiency coupled with quality build and large volume interior make her the choice for your next adventure. To schedule a preview or questions answered please contact Elliott Bay Yacht Sales.
