LOCATION

Turgutreis, Mugla, Turkey

In the SD92 Line, a highly evocative layout inspired by transatlantic liners from the Thirties and the Forties meets every conceivable design and performance requirement. With a top cruising speed of 18 knots, this navetta by Sanlorenzo is unique in its class.

The SD92 is designed to be a “little ship” – she is built with the systems and details typically found in yachts greater than 150 feet. Her nimble size offers terrific advantages to her cruising range and versatility, and provides comfort to her guests when underway, boasting an astonishing vibration- and noise-free interior environment. Compact and sturdy, she offers a level of comfort normally reserved for yachts twice her size.

The SD92 features a spacious flybridge, comfortable aft deck space for lounging or dining, a massive garage and incredible machinery spaces — she offers true ship systems, features, and comfort in a manageable package.
