ABOUT

Saxdor 320 Gto

This 2024 Saxdor 320 GTO brings Scandinavian-inspired design, exhilarating performance, and a completely different approach to enjoying the water.

Twin Mercury V8 AMS 300 HP outboards deliver 600 horsepower with bow thruster and approximately 40 hours of use, providing the responsive performance and confident handling that define the Saxdor experience. This MarineMax Certified Pre-Owned 320 GTO is equipped with a sleek walkaround layout, hydraulic windlass, advanced navigation systems, convertible seating, and thoughtful accommodations that make this boat equally suited for quick coastal runs, sandbar afternoons, and weekend escapes.

What separates the Saxdor 320 GTO is its ability to transform with the moment. The signature fold-out side terraces expand the cockpit at anchor, creating an open entertaining space that feels far larger than a traditional 32-foot boat. Premium seating areas, sun lounging spaces, a comfortable cabin, and an enclosed head allow this Saxdor to transition seamlessly from an exciting day boat into a capable overnight getaway.

From cruising the Intracoastal Waterway in Pompano Beach to exploring Fort Lauderdale's waterfront, spending the afternoon anchored near Hillsboro Inlet, or enjoying a sunset cruise along South Florida's coast, this Saxdor 320 GTO is built for owners who want every trip to feel unique.

Backed by MarineMax Certified Pre-Owned standards and supported by our experienced Pompano team, this Saxdor 320 GTO offers confidence from your first showing through every adventure ahead. Contact MarineMax Pompano today to schedule your private showing.

This beautifully equipped boat features smoked orange upholstery paired with a white and grey gelcoat hull for a distinctive, modern look. The helm is outfitted with dual 12-inch Simrad displays, a Fusion entertainment system, automatic trim tabs, and a bow thruster for confident and convenient handling. Onboard comfort is enhanced with the upgraded toilet and freshwater package, electric toilet with grey and black water tanks and macerator, wet bar sinks, electric stove, multiple refrigerators, and air conditioning with heating.

The climate and power package includes 120V air conditioning, shore power, a generator, a Mastervolt 400 Ah lithium battery, inverter, and 110V outlets. A Catapult bow windlass with 50 meters of chain, solar panel charging system, front sunshade, deck lighting, and six speakers add to the boat's functionality and enjoyment, making it exceptionally well equipped for comfortable days on the water and extended cruising.
