ABOUT

Opa 1

LOCATION

Athens, Attica Region, Greece

Schaefer V44 is a sophisticated and sporty 44-foot motor yacht that combines contemporary design, impressive performance and exceptional onboard versatility. Designed for owners who value both style and functionality, the V44 offers an ideal balance between exhilarating day boating and comfortable extended cruising.

Her striking exterior profile is defined by clean, modern lines and an open layout that creates a seamless connection between the cockpit, social areas and the sea. Generous seating and lounging spaces make the V44 particularly well suited to entertaining, while the intelligently designed deck arrangement maximizes usable space throughout the yacht.

One of the V44's defining characteristics is the versatility of her exterior living areas. The spacious cockpit provides an inviting setting for dining and relaxation, while easy access to the water enhances the yacht's appeal as a Mediterranean day boat. The open configuration allows guests to move naturally between the different areas, creating a relaxed atmosphere whether cruising, swimming or entertaining at anchor.

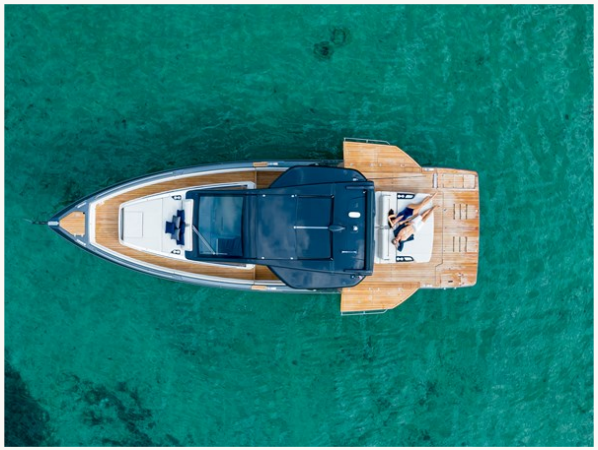

At the helm, the V44 delivers a modern and engaging driving experience. Powerful engine options, responsive handling and a carefully designed helm station give the yacht a distinctly sporty character while maintaining the comfort expected from a premium cruiser.

Below deck, Schaefer has made excellent use of the available volume. Contemporary finishes, generous natural light and carefully considered accommodation transform the V44 from a pure day boat into a yacht capable of comfortable overnight and weekend cruising.

The result is a yacht with Brazilian design flair, European-style sophistication and genuine everyday usability. Equally at home cruising between Greek islands, spending the day at anchor or arriving at a waterfront destination, the Schaefer V44 represents a compelling alternative in the premium 40–45-foot segment.
