ABOUT

Scout 231 Xss

The 2026 231 XSB is Scout's third XS model in the bay boat/inshore line-up and compliments the already popular 231 XS and 251 XSS. This model showcases up to five removable backrests (two receivers forward; three receivers aft) for added comfort for the crew, as well as a patent-pending new thru-hull bow anchor pole feature called the Scout Post. Two optional aft baitwells, ample rod holders and storage, and three leaning post options are all available on this fishing machine. Like other XS models, the 231 XSB has all the characteristics of a serious bay boat, as well as sexy, aggressive lines and proven high performance.

Key Features

• The Ultimate Fishing Machine - The 231 XSB is the latest addition to our bay boat/inshore lineup, designed to take your fishing experience to the next level. With up to five removable backrests, including two receivers forward and three receivers aft, this model ensures the comfort of your crew during long days on the water. One of its standout features is the patent-pending Scout Post, a new thru-hull bow anchor pole that adds both convenience and functionality to your fishing trips.

• Customizable Features for Your Perfect Setup - Customize your 231 XSB with two optional aft baitwells, numerous rod holders, and abundant storage space for all your gear. Choose from three leaning post options to tailor your fishing machine to your preferences. Whether you're a seasoned angler or a weekend warrior, the 231 XSB offers everything you need for a successful day on the water.

• Serious Performance with Unbeatable Style - Like our other XS models, the 231 XSB combines the versatility of a serious bay boat with sleek, aggressive lines and unrivaled performance. From its impressive features to its eye-catching design, the 231 XSB delivers on both functionality and style, making it the ultimate choice for anglers who demand the best.
