ABOUT

Sea Ray 320 Sundancer

2020 Sea Ray 320 Sundancer — Freshwater Only, Just 183 Hours

If you've been waiting for the right 320 Sundancer to come along, this is the one. Freshwater only since day one, and it shows — this boat is clean in every sense of the word, inside and out.

You've got twin Mercruiser 6.2L 350HP engines with only 183 hours on them — basically still breaking in — paired with Axius joystick control, so docking is as simple as nudging a joystick instead of wrestling with throttles and wheel. Whether you're a seasoned boater or still building confidence around the marina, that joystick makes every landing look easy.

This one's also loaded for how people actually use a boat like this. The onboard generator powers both cabin and cockpit air conditioning, so hot summer afternoons on the water — or quiet nights at the dock — stay comfortable. Add in the sunshade and sunroof combo and you've got shade when you want it and open sky when you don't. The moving transom seat is a small feature that makes a big difference too — flip it around and you've got extra cockpit seating facing forward, or swing it back for swim platform lounging after a dip. Plus, this boat has a submersible swim platform, making it easy to get in and out of the water or just relax while sitting on the platform. And the Simrad radar gives you added safety when boating at night or if caught in bad weather.

Boats this well cared for don't sit around long. If you've been looking for 320 Sundancer and comparing hours, condition, and equipment, this one checks every box.

Come see it in person — photos only tell half the story on a boat this clean.
