ABOUT

Sea Ray 40 Sundancer

2008 Sea Ray 40 Sundancer

This 2008 Sea Ray 40 Sundancer is one of the nicest examples we have seen in quite some time. She has been exceptionally well cared for inside and out, with top-notch maintenance and an overall condition that reflects true pride of ownership.

Powered by twin Cummins QSB 5.9 425-hp diesels with approximately 950 hours and electronic DTS controls, she offers dependable performance and efficient cruising.

The comprehensive 1,000-hour engine service has been completed, including the replacement of hoses and clamps. A 9 kW Onan diesel generator with approximately 2,600 hours provides power away from the dock.

Her black hull gelcoat is bright, shiny, and clean. The canvas remains in good condition, and the Sunbrella sun screens are a great addition for increased shade and privacy.

The cockpit upholstery, helm brightwork, cabin flooring, cabinetry, and interior upholstery all show very well.
