ABOUT

Sea Ray 48 Sundancer

Meticulous Owner Seeking Next Caretaker for this beautiful 2006 Sea Ray 480 Sundancer! Owner is looking to move up!

Plenty of upgrades over the past four years on this meticulously maintained Sea Ray 480 Sundancer. Thousand hour service was completed by Cummins Certified Dealer last season on the Cummins 8.3 540 hp inboards. They currently have only 980 hours. The boat was purchased approximately four years ago from an equally meticulous owner where this boat was lift kept.

Step onboard the huge swim platform where you can find a large transom storage compartment for your lines, fenders and cleaning supplies. The 50amp powercord retracts automatically with the Glendinning Cablemaster. As you enter the cockpit from the port side, there's a solid transom door which, when opened, hides easily accessible fuel transfer valves. There's also a hot and cold transom shower for those coming in from a nice swim. From this viewpoint, you'll immediately be impressed with the elegance of the well maintained teak flooring in cockpit and helm. The large, wraparound u-shaped seating to the starboard will hold a crowd with a nicely finished hi-gloss table with four stainless cupholders and a compass rose mounted on a pedestal. A nicely laid out wetbar with a cockpit television is forward and to port in the cockpit. All seating at helm and in cockpit was replaced with embossed vinyl and double diamond stitching in navy blue. Engineroom access is through a large centerline hatch in the cockpit.

One step up to the semi-enclosed, climate controlled helm (24,000 Btu) brings you completely under the hardtop with the full height windshield and two sunroofs that really gives this boat its timeless appearance. Captain and companion seating with foot rests are to starboard and a large L-shaped lounge is to port. The well designed helm area offers great sightlines with virtually no blindspots for 360 degrees. An updated electronics package, including Garmin touchscreen chartplotter, Fantom radar and VHF radio, helps you navigate to your next destination safely.

From the portside helm area and down five steps, you enter the large, richly appointed salon and galley area. To port, you have a full size refrigerator/freezer with plenty of counterspace forward with built in two burner electric glass cooktop and convection microwave below, deep stainless sink . Plenty of storage space in the under counter

drawers and above and below counter cabinets. The wood flooring in the galley area finishes the look. The area has a rich vibe with the cherry cabinets and wood blinds that cover the hull side windows. To starboard is a large, comfortable L-shaped setee with a high-gloss adjustable height table with additional seating stored underneath. Relax and enjoy a movie on your large flatscreen television with stereo sound while you're unwinding from the day. Plenty of cherry cabinets offer additional storage.

When you're getting ready to retire for the evening, the large primary cabin is forward with private access to its split head and shower. The pedestal bed is flanked by large storage cabinets, hull windows covered by the cherry blinds and a large hatch overhead. If you are lucky enough to stay onboard as a guest, you can go aft on the portside, near the galley where you'll see a sink and vanity outside of your own separate head and shower. The aft cabin has twin beds that can be converted to a large single berth. Natural light can also come in through your own hull window.

Going to the bow is accomplished along either side. On the portside cockpit, there are two steps to get up up on the gunnel. The bow is expansive with a niced sunpad between the two deck-mounted grab rails!

Let's get you scheduled to set foot onboard this beautiful vessel. The weather is still great! Please contact me, Larry Kaplan, the listing broker, at MarineMax in Brick, NJ.
