ABOUT

Sea Ray Slx 260 Outboard

There's something special about easing away from the dock in a 2025 Sea Ray SLX 260 Outboard, the Horizon hull sides and crisp white bottom catching the light as you idle past the marinas toward Banks Channel. This boat is built to make every trip out toward Wrightsville Beach feel like an occasion. Powered by a Mercury 300 outboard in a clean white finish, you'll have smooth, confident handling whether you're weaving past Masonboro Island or opening it up once you're clear of the no-wake zone near the Intracoastal Waterway. Electric trim tabs with an indicator let you dial in the ride, keeping things level and comfortable no matter the chop.

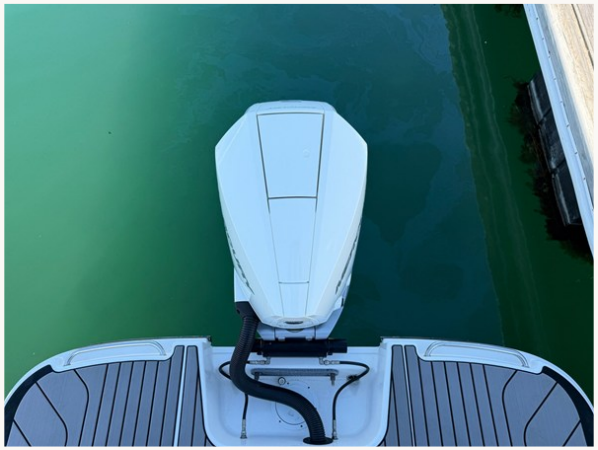

Point the bow past Johnnie Mercer's Pier and let the stainless steel anchor and windlass do the work when you find a spot worth stopping for—maybe a quiet stretch near Shell Island where the water turns that unmistakable shade of green. The starboard windshield wiper keeps your sightlines clear if the weather turns, and the fender clips and flag pole make docking at your favorite waterfront spot that much easier. This is a boat that's as happy cruising the open sound as it is tucked into a slip for the afternoon.

Once you've settled in, the cockpit really shows its personality. The Stone-colored cockpit and Grey SeaDek flooring keep things looking sharp and feeling cool underfoot, and the teak cockpit table is practically begging for a spread of snacks after a run out past Figure Eight Island. The power tower with Bimini top and full black canvas package mean shade is never far away, while the bow filler cushion turns the bow into an easy lounging spot for soaking up the Carolina sun. When the sun goes down, the RGBW LED lighting and docking lights set the mood for the cruise back in, with the illuminated Sea Ray badge adding a little extra flash.

Whether you're chasing sunset views near Wrightsville's north end or just running the family out for a swim, this SLX 260 Outboard is dialed in for real life on the water. The Premier audio upgrade keeps the soundtrack going, wireless charging keeps your phone topped off for photos, and the vacuum flush head with macerator means you're not cutting the day short. This is a boat that makes Wrightsville Beach feel like it was made for you.
