Key Features and Highlights

Thrilling Sterndrive Power: This SLX 280 is equipped with the powerful Mercury MerCruiser 8.2L MAG HO ECT (High Output) engine paired with a Bravo Three X drive and Digital Throttle & Shift (DTS) controls. This 430 HP powerhouse delivers exhilarating speed, rapid acceleration, and the torque needed for high-level watersports.

Quiet Ride™ Technology : Sea Ray's innovative hull design and specialized construction techniques dramatically reduce noise and vibration, providing a noticeably smoother and quieter ride. This enhances comfort and makes conversation easy, even at cruising speeds.

Luxurious Social Zones: The spacious deck features an inviting U-shaped bow with lounge-style seating and an expanded cockpit social area with plush, deep ergonomic seating. The helm bucket seat can swivel to join the conversation, creating a massive entertainment space.

Next-Generation Design & Storage: The hull features sleek, athletic sculpting and improved functionality. The transom area boasts a massive sunpad with an integrated cooler and ample, seamless storage areas for all your gear, keeping the deck clean and uncluttered.

Premium Amenities: Designed for all-day comfort, standard amenities include a fiberglass hardtop, a Fusion® audio system with premium speakers, and a fully enclosed port-side compartment that can be used for storage or upgraded to a convenient head (on equipped models).

Enhanced Water Access: The broad, integrated swim platform is perfect for watersports, with an optional submersible swim step available to provide easy and elegant access into the water for swimming or lounging.
