ABOUT

Sea Ray Spx 210 Outboard

Performance and fun. The reimagined 2026 Sea Ray SPX 210 Outboard is designed to be noticed, and delivers the next level of fun, perfect for hosting friends, sharing a casual cruise or experiencing the rush of watersports. The vessel truly stands out, showcasing powerful outboard propulsion and an extensive range of standard amenities. New details range from enhanced Sea Ray aesthetics and comfort features to standard technologies and optional upgrades that deliver the ultimate in style, performance and fun.

Key Features

• Go Beyond Basics - There are more than enough spaces and amenities aboard the SPX 210 Outboard to keep guests entertained all day. The self-bailing cockpit includes comfortable seating with an L-shaped bench, convertible port companion seat that transforms into a lounger, a premium Fusion SRX400 stereo system, and cooler storage. The broad bow offers room to stretch out, and the transom sunpad with supportive backrest provides a lovely spot to lounge near the water. For added convenience, a port-side compartment can be used for storage or upgrade to a head for extended cruising.

• Watersports Fun - The SPX 210 Outboard embodies the latest and greatest features of Sea Ray style in one sporty package. The standard ski tow pylon provides attachment for tow lines, and the full-sized ski locker compartment in the cockpit floor keeps boards, skis, life jackets and other gear safe and out of the way when not in use. On the integrated swim platform, riders can strap on their gear for their next run or go for a refreshing swim. For more flexibility, a watersports tower is also available.

• Enhanced Technology - The SPX 210 Outboard is enjoyable and straightforward with the latest technology from Sea Ray. The helm is equipped with a Digital Dash featuring a standard 7" Simrad touchscreen display and SmartCraft Connect for intuitive engine monitoring. Systems can be controlled with the simple touch of a button, so there's no need to waste time fussing over screens.

• Outboard Propulsion - Featuring superior propulsion from Mercury Marine, the SPX 210 Outboard is equipped standard with Mercury 150 FourStroke engine. The outboard delivers massive displacement and power for watersports and more efficient cruising.

• Bundle Upgrade - Customize your SPX 210 Outboard to match your lifestyle. Choose from bundles that offer some of Sea Ray's most requested upgrades and accessories. Options include the Comfort Bundle adding a bow filler cushion; the Entertainment Bundle offering a Fusion Premier audio system upgrade and blue LED lighting package; and the Essentials Bundle providing cockpit and bow tonneau covers, SeaDek flooring on the swim platform, and fender clips.

• Luxurious Comfort - The broad bow offers room to stretch out, and the transom sunpad with a supportive backrest provides a lovely spot to lounge near the water. For added convenience, a port-side compartment can be used for storage or upgraded to a head for extended cruising.
